NETWORKING & SYSTEM ADMINISTRATION LAB

ExperimentNo.:16

Name: Shefany Shanavas

Roll No: 37

Batch: MCA B

Date: 09-05-2022

Aim

Write a shell script to find the sum of first 10 numbers

Procedure

```
#!/bin/bash

echo "Enter the first 10 numbers"

read n

sum=0

for((i=0;i<=n;i++))

do

sum=$((sum + i))

done

echo -e "sum is $sum"
```
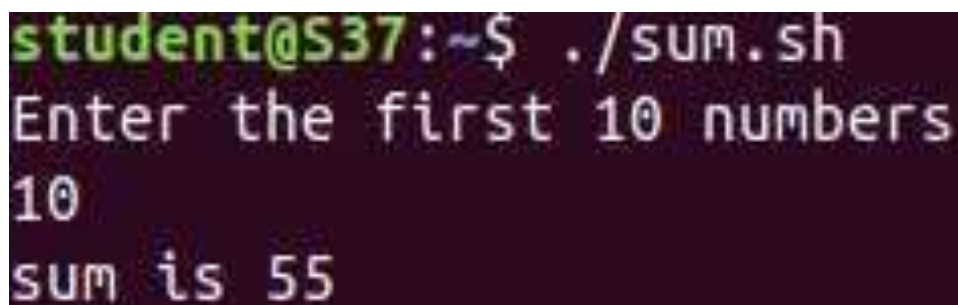

Output:

```
student@S37:~$ ./sum.sh
Enter the first 10 numbers
10
sum is 55
```
